

# Battery-Powered Equipment:

## Zero Emissions / Zero Environmental Impact

## Working inside? Stay safe with emission free equipment....

Able Tool and Equipment can help you reach the goal of a safe emission-free construction site. We continually work with our suppliers to offer the latest machinery designed for indoor use, generating no exhaust fumes and operating at low noise levels.

**Indy**  
EQUIPMENT

### PB-16 Power Buggy

16 cubic feet capacity  
13 hp / top speed 7.25 mph  
weight 1,260 lbs

**GANYCOM**

### Ganycom SC30

9.5 cubic feet capacity / 28 inches wide  
speeds 0-3.3 mph  
weight 465 lbs

**MQ**  
MULTIQUIP

### TUFFTRUCK

10.6 cubic feet capacity  
13 hp / speeds 0-4 mph

### ECOVOLVE Electric Dumper

**ECOVOLVE**

#### ED800

level capacity  
13 hp / top speed  
weight

12 cu ft  
4 mph  
2,650 lbs

#### ED1000

15 cu ft  
5 mph  
2,866 lbs

**WACKER  
NEUSON**  
*all it takes!*

### Wacker Neuson Battery-powered Equipment

#### ACBe Vibrator

34-51v  
weight (with battery) 33 lbs

#### APU3050e Reversible Vibratory Plate

19.7 x 27.7 inch base plate  
weight (with battery)  
467 lbs op weight

#### AP1840e / AP1840we

centrifugal force 4,046 lbf  
frequency 5,880 VPM  
205 lbs op weight

#### AS50e and AS60e

51v Brushless Engine  
11 x 13.4 inch shoe  
weight (with battery)  
155 - 156.5 lbs

**weberm**

#### SRE 300

5.5 inch shoe width  
centrifugal force 2,050 lbf  
frequency 5,880 VPM  
weight 73 lbs op weight  
(backpack 15 lbs)

### E240 4 Ton Battery-powered Mini Excavator

### KATO CES Battery-powered Excavators

Available in 3 sizes 1, 2 and 4 ton

**KATO CES**

17 VXB

9 VXB

Hydraulic attachments available

Compactors

Hammers

Slab Grapples

More than just environmentally sustainable

**ZERO**  
environmental  
impact!

INDUSTRIES

#### Elise 900

- 2 battery options
- 2-8 hour runtime
- Fully charges in 5.3 hours
- Max travel 7.5 mph
- 143 inch dump height
- Remote control w/joystick or App based remote
- Universal skid-steer quick-hitch
- 1,984 lb / 3,968 lb operating capacity
- 7,275 lb / 9,259 lb operating weight

#### MiniZ

- 3-8 hour runtime
- Fully charges in 5-6 hours
- 882 lb operating capacity
- 3,306 lb operating weight
- 31.5 inch overall width
- 81.5 inch lift height
- Max travel 3.1 mph
- Fold-down operator platform
- Remote control ISO joystick control

**SHERPA**  
MINI-LOADERS

#### 100 Eco Skid Steer Mini-Loader

24v  
speed 0-2.17 mph  
weight 1,607 lbs

*Hydraulic attachments available*

#### E-Screed

16v Rechargeable battery  
works with Magic Screed  
4-16 foot blades

INTRODUCING THE ALL-NEW  
BATTERY-POWERED **E-SCREED**

#### PB36B 36" Honda Battery Operated Trowel

*24" Battery Powered Edger  
also available*

**GIANT**

#### G2700E

- Driving mechanism 7kW - Working hydraulics 12kW
- Li-ion 520Ah/48V battery
- 5,709 lb operating weight
- 116.6 inch lift height
- 4,938 lb tipping load
- 10.6 GPM working hydraulics
- Max speed 11 mph, 3 speed

**Husqvarna**

#### Battery Powered Equipment

The PACE battery system is a growing family of heavy-duty, handheld machines and equipment. Giving you an unmatched 94V of battery power to take on demanding jobs wherever you work takes you. Opening new possibilities in power cutting, core drilling, dry vacuuming and more.
